## **Silent Key - EI3GV**

We were saddened to hear of the recent death of Brendan de hOra EI3GV.

Brendan was a very active DXer, with more than 300 DXCC entities confirmed, and also participated in a number of DXpeditions. He was a member of South Dublin Radio Club and took a leading part in club contests and other activities. Brendan was Treasurer of IRTS from 2002 to 2005 and, more recently, was one of the society's Honorary Auditors.

Brendan's other interests included hill walking, and he was one of the founding members of The Irish Ramblers' Club in 1964. He used his hillwalking experience to entice some South Dublin Radio Club members to join him on a number of mountain activations, including Lugnaquilla and Galtee Mór. Brendan was also an active Worked All Ireland operator, searching out rare squares in the hills. Brendan was pre-deceased by his wife, Betty, and by one of his sons, and is survived by a daughter and two sons. May he rest in peace.

## **Silent Key - EI6AI**

Willie Long was born on 28th April, 1935, the youngest of Robbie and Annie Long's thirteen children. He went to Corker National School, and later attended Wesley College in Dublin. He then worked as a radio and television engineer in Belfast and Tamworth in England, before returning home to setup Long Brothers in Dunkineely.

In 1954, he met the new teacher, Olive Johnston from Virginia in Cavan who had been posted to Corker National School.

In 1958 Willie and Olive got married, a marriage that would last more than 61 years.

His hobbies included scrambling on motor bikes and fishing. He received his radio experimenter's license with the callsign EI6AI in 1960, subsequently joined the IRTS and the RSGB, and became friends with many ham radio enthusiasts all over the world.

Due to ill health, Willie semi-retired in 1981, but was still able to travel to many ham radio events around the world, including Dayton Ohio and Friedrichshafen Germany on many occasions. He was a very familiar face at shows in Ireland, Alexandra Palace

in London, and Granby Halls in Leicester. Before the days of computers, the Internet, and Sky, Willie's experiments involved transmission of radio and television.

Willie is survived by his wife Olive, and two sons, Raymond EI9DM and Leslie EI4DU, and three sisters, Frances, Georgina and Charlotte.

He enjoyed life to the fullest, in spite of multiple serious illnesses, having spent time in ten different hospitals over a period of 50 years. Over the last six months, his health deteriorated and left him housebound in the care of Olive and a wonderful team of doctors, nurses and carers. Willie passed away peacefully on November 26th, 2019.
